Formulation R&D Technician– Oral Product Development

Humanwell Pharmaceuticals US, St Louis, MO

Interested candidate, please submit resumes to email: hr@humanwellus.com

Summary

Humanwell Pharmaceutical US, Inc. is a St Louis, MO-based pharmaceutical research and development company which focuses on research and development of novel therapeutics for unmet medical needs. At Humanwell, we work towards improving patients' quality of life and are committed to creating a healthier world of tomorrow. We are looking for people who are passionate about making people's lives better.

With Humanwell US's recent expansion, we are currently seeking a highly motivated Formulation R&D Technician. The individual will work under the direction of senior scientists and managers, performing hands-on pharmaceutical development activities in multiple areas.

Primary Duties and Responsibilities

1. Perform hands-on pre-formulation, formulation, process, stability, and container closure development studies in the lab.
2. Independently plan and complete the assigned activities within the required timeframe assigned by supervisor.
3. Operate and maintain various formulation equipment and testing instrument.
4. Document the lab activities according to Good Documentation Practices.
5. Summarize study results, prepare technical reports, and make presentations to peers and supervisors.
6. Collaborate with cross-functional team members, including formulation scientist, analytical scientist, and project management.
7. Follow pharmaceutical cGMP practices and other relevant regulatory guidelines.
8. Extended work hours may be occasionally required based on project needs.
9. Ability to travel up to 10% of time.
10. Additional duties and assignments as needed.

Required Qualifications and Skills:

1. B.S. or M.S. in Pharmaceutical Science, Chemical Engineering, Chemistry, or related disciplines.
2. Relevant experience in pharmaceutical industry is preferred.
3. Hands-on experience in pharmaceutical R&D or manufacturing setting is preferred.
4. Must be willing and able to follow FDA, OSHA, and DEA regulations.
5. Demonstrated ability to work as part of a cross-functional team.
6. Excellent oral and written communication skills in an open, clear, timely and consistent manner.
7. Ability to learn new skills and thrive in an environment with rapidly changing priorities.
8. Qualified candidate must be authorized to work in the USA

Job Type: Full-time

Job Location: Ballwin, MO

At Humanwell, all of our employees are part of a team that cares about them. We all share the purpose of making the world a healthier place. We hope that you seek to join us on our journey as we develop medicine and improve global human well-being.
